### About Your Experience

Prepare to keep your wits about you with this Immersive Zombie Infection Survival Experience for Two.

Available at a wide range of iconic and haunting locations with a connecting storyline, this two hour experience is not for the faint of heart. Battle between good and evil together at the award-winning "The Workshop" at Shepton Mallet Prison, voted the UK's best zombie experience. Challenge yourselves to create a new quarantine sector in the UK's largest and oldest steelwork factory in Sheffield or if the two of you dare, take on the dark and deadly forest in Nottingham.

Whichever mission you choose is guaranteed to put you together at the centre of an apocalypse. Do you have what it takes to both survive?
